

Tien Duc Nguyen

Working Student (Werkstudent) – Finance & Data Science

Hamburg, Germany | nguyentienduc110204@gmail.com | linkedin.com/in/nguyentienduc04

SUMMARY

M.Sc. Business Analytics & Data Science student at KLU, Hamburg, with a **Bachelor in Finance**. Combines **financial modelling** (NPV/IRR, DCF, forecasting) and finance reporting experience with **Python, SQL, Power BI, Julia**, regression and optimization, plus AI automation in **n8n**.

EDUCATION

Kühne Logistics University (KLU), Hamburg, Germany 09/2026 – 09/2028 (expected)
M.Sc. Business Analytics & Data Science (enrolled)

La Trobe University, Australia 09/2023 – 11/2025
Bachelor of Business (Finance & Marketing)

- **WAM 73.42/100**; **Econometrics 86 (A)**; La Trobe High Academic Achievement Scholarship (2023, 2024)

EXPERIENCE

PVI Insurance, Hanoi, Vietnam 12/2025 – 03/2026
General Accounting Intern (Finance)

- Validated weekly **financial reports** for **5 departments** against enterprise databases for accurate **month-end closing**.
- Helped complete **3 monthly reporting cycles** by running **ad-hoc analyses** of mismatches, documented in **Excel** tables.

MSB Bank, Hanoi, Vietnam 09/2024 – 11/2024
Corporate Partnership Intern

- Gathered data requirements from **50+ corporate partners** to replace manual tracking with a structured **reporting solution**.
- Quality-checked **500+ financial records** in **Advanced Excel** for weekly management reviews.

DATA SCIENCE & AI PROJECTS

Multi-Agent Workflow Automation (n8n, LLM agents), Personal Project 2026 – Present

- Narrowed **100 job postings** to **20 relevant openings** with a multi-agent **n8n** workflow; **tested** and **documented** it for reuse.

Production Optimization Data Pipeline (Julia, GitHub), Kühne Logistics University 2026
Team Lead, 5-person team

- Scheduled **100% of operations (495/495)** at **93.9% on-time delivery** with a modular pipeline in **Julia (JuMP, HiGHS)**.
- Raised machine M04 utilization from **10.6% to 86.6%** by testing load-rebalancing scenarios on **989 cleaned data rows**.

Fama-French Five-Factor Regression (EViews), La Trobe University 10/2024

- Explained **76.7% of variance** in industry excess returns (**R^2 0.767**) with a **multiple regression** on **14,810 daily observations**, validated with RESET, heteroskedasticity and autocorrelation tests.

X-Data Analytics Course (SQL, Power BI, Python), MindX Technology School 2023

- Answered KPI questions on **1,000 sales transactions** in **SQL Server** on a **6-table model**, rebuilt in **Power BI DAX**.
- Prepared an analysis-ready dataset in **Python (pandas)**, keeping **554 of 995 records** after missing-value checks.

FINANCE & VALUATION PROJECTS

Offshore Wind Farm Investment Model (Excel), La Trobe University 2025

- Built a **30-year cash flow model** for a **1,200 MW, AUD 3.6bn** project: **NPV AUD 470m**, **IRR 7.7%**, payback **14.5 years**.
- Identified electricity price as the main value driver (**±57% NPV impact**) via **sensitivity and scenario analysis**.

10-Year Forecast & DCF Valuation (Excel), La Trobe University 2025

- Forecast sales, EBITDA, capex and NWC from **5 years of history**; valued the firm at **AUD 17.3bn** (**AUD 10.5bn** after environmental costs) in a **driver-based DCF model**.

SKILLS & LANGUAGES

Finance: financial modelling, NPV/IRR, DCF, forecasting, sensitivity/scenario analysis, monthly reporting, month-end closing
Data Science: Python (pandas), SQL Server, Julia (JuMP, HiGHS), regression, optimization, econometrics (EViews), SPSS
BI & Tools: Power BI (DAX), Advanced Excel (pivot tables, XLOOKUP, Power Query), n8n, LLM agents, Git, GitHub
Certifications: DataCamp Associate Data Analyst (06/2024); LinkedIn Learning SQL Essential Training (12/2023)
Languages: English (IELTS 7.0) | German (A2) | Vietnamese (native)
